# Earned Release Date Housing Voucher Program

## ERD Housing Voucher Program

Releasing individuals become eligible to apply for benefits from this program when reaching their ERD or have been found releasable by the ISRB. Exceptions for early benefit approval due to special or unique circumstances must be approved by the Housing Program Administrator/designee.

The program's eligibility criteria are defined in a document called a Criteria Worksheet which is intended as an application, screening document and contract defining expectations for the applicant. These expectations are intended to be followed before and after release from prison. Programming includes all facility rules and all components of the applicant's Custody Facility Plan (CFP). The document is to be signed between the applicant and department, usually the assigned Classification Counselors (CC) or Work Release Community Corrections Officers (WR CCO). Upon release participants are expected to comply with all conditions of supervision and any special requirements specified in the agreement.

If an applicant has some resources and would like to request partial benefits as assistance he or she should discuss this with their assigned CC or WR CCO. The CC or WR CCO will discuss potential arrangements for partial assistance

## Release Transition

The Department's transition policy requires CC or WR CCO to work with releasing individuals during the 12 month period leading up to the Earned Release Date (ERD) to plan for the eventual return to the community.

Staff and releasing individuals are expected to work together using the individual's personal resources to develop approvable release plans. Personal resources are typically family or friends willing to assist, organizations, support persons, personal savings or other sources of income or assistance. Housing referrals may be requested by releasing individuals through their CCs or WR CCOs at any time during the transition planning period.

If a release plan has not been approved due to a lack of funds, releasing individuals may apply for financial assistance from the department upon reaching their ERD. Exceptions for benefit approval prior to the ERD due to special or unique circumstances must be staffed with the Housing Program Administrator/designee.

## What to Expect from DOC

### 12 months prior to the ERD

- At reception, CCs or WR CCOs will meet with all individuals to initiate release planning and to obtain information for any potential release address.
- If individuals require assistance locating an approvable release address, the CC or WR CCO will contact the Regional Housing Specialist responsible for the individual's required release area to obtain appropriate and current housing referrals.
- The CC or WR CCO will contact prospective housing providers by telephone or e-mail as appropriate.
- The CC or WR CCO will assist individuals with any necessary application process by facilitating telephone interviews with prospective sponsoring organizations or providers or mailing application materials as necessary.

### 6 months prior to the ERD

- The CC or WR CCO will begin submitting appropriate release addresses, funded by the individual's personal resources, for investigation by the department.
- The CC or WR CCO will continue to work with the releasing individual until a plan is approved.
- Release plans submitted for investigation which require payment and do not identify an available funding source will be denied.

## Preguntas frecuentes

# Programa De Vales De Vivienda para Fecha de Libertad Ganada

## Programa de Vales de Vivienda ERD

Los individuos a ser liberados son elegibles para solicitar los beneficios de este programa cuando alcanzan su ERD o cuando la ISRB ha determinado que son aptos para su liberación. Las excepciones para aprobación de beneficios anticipados debido a circunstancias especiales o únicas, deben ser aprobadas por el Administrador del Programa de Vivienda o su designado.

Los criterios de elegibilidad del programa están definidos en un documento denominado Lista de Criterios el cual está diseñado como una aplicación, documento de selección y contrato donde se definen las expectativas para el solicitante. Se pretende que estas expectativas sean seguidas antes y después de la liberación de la prisión. La programación incluye todas las reglas de la institución y todos los componentes del Plan Institucional de Custodia del solicitante (CFP, por sus siglas en inglés). El documento debe ser firmado por el solicitante y por el personal del Departamento, normalmente los consejeros de clasificación asignados (CC) o los oficiales correccionales comunitarios del Reclusorio Nocturno (WR CCO).

Después de su liberación se espera que los participantes cumplan con todas las condiciones de supervisión y cualquier requisito especial especificado en acuerdo.

Si un solicitante tiene algunos recursos y le gustaría solicitar beneficios parciales como asistencia, él o ella debe discutir esto con su CC o WR CCO asignado. El CC o el WR CCO discutirá posibles arreglos para asistencia parcial.

## Transición a la Libertad

La política de transición del departamento requiere que el CC o el WR CCO trabaje con los individuos puestos en libertad durante los 12 meses previos a la fecha de libertad ganada (ERD, por sus siglas en inglés) para planear el regreso eventual a la comunidad.

Se espera que el personal y los individuos a ser liberados trabajen conjuntamente usando los recursos personales del individuo para desarrollar planes de libertad que puedan ser aprobados.

Los recursos personales son normalmente los familiares o amigos dispuestos a ayudar, organizaciones, personas que brindan apoyo, ahorros personales u otras fuentes de ingresos o asistencia. Los individuos a ser liberados pueden solicitar referencias de vivienda a través de sus CCs o WR CCOs en cualquier momento durante el período de planificación de la transición.

Si un plan de libertad no ha sido aprobado debido a falta de fondos, los individuos a ser liberados pueden solicitar asistencia financiera del departamento al alcanzar su ERD. Las excepciones para la aprobación de beneficios antes de alcanzar la ERD debido a circunstancias especiales o únicas, deben ser atendidas por Administrador del Programa de Vivienda o su designado.

## Qué esperar del DOC

### 12 meses antes de la ERD

- Durante la recepción, los CCs o WR CCOs se reunirán con todos los individuos para iniciar la planificación de la liberación y para obtener información de cualquier posible dirección domiciliar de liberación.
- Si los individuos necesitan ayuda para localizar una dirección domiciliar de liberación que pueda ser aprobada, el CC o el WR CCO se pondrá en contacto con el Especialista Regional de Vivienda responsable del área requerida para la liberación del individuo para obtener referencias de vivienda apropiadas y actualizadas.
- El CC o el WR CCO se pondrá en contacto con potenciales proveedores de vivienda, por teléfono o por correo electrónico, según corresponda.
- El CC o el WR CCO ayudará a los individuos con cualquier proceso de aplicación necesario, facilitando entrevistas telefónicas con posibles organizaciones patrocinadoras o proveedores, o enviando por correo postal los materiales de la aplicación cuando sea necesario.

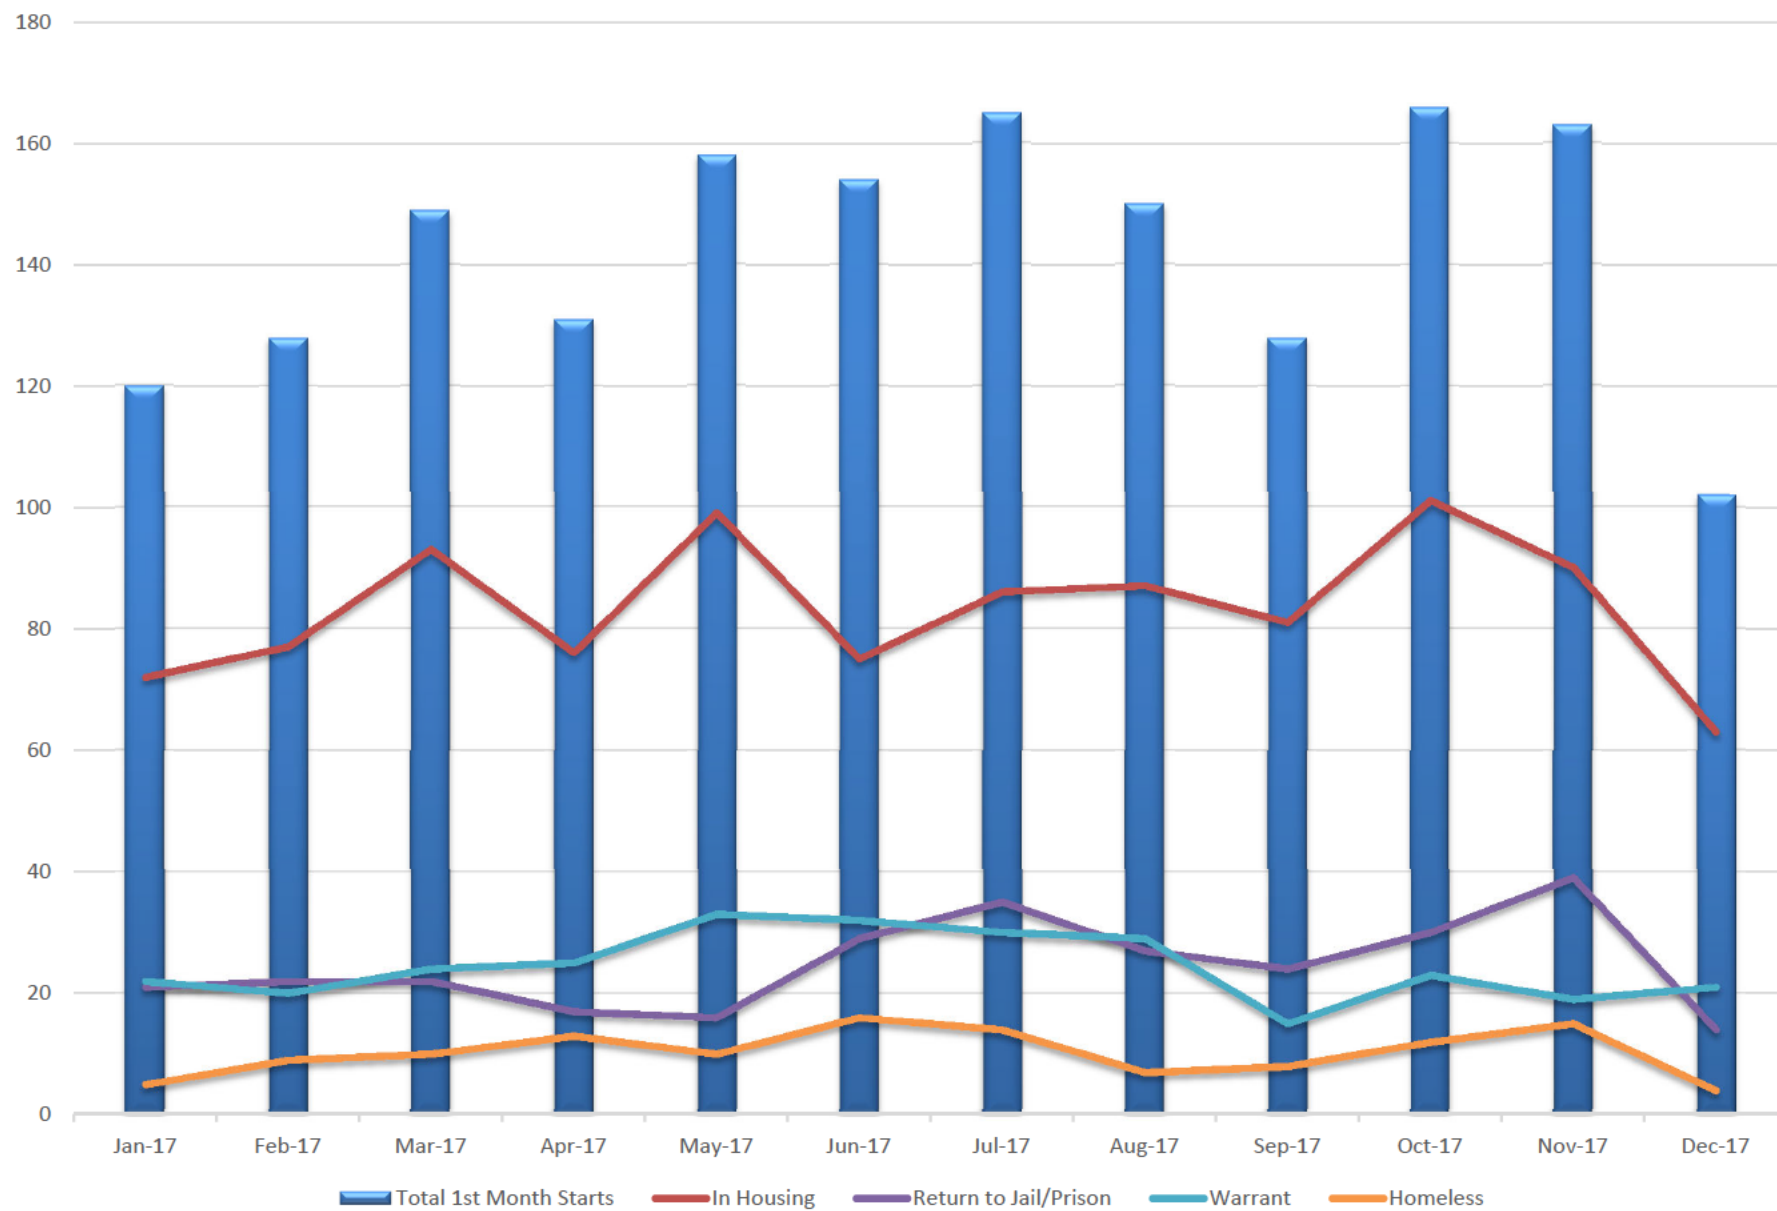

### 6 meses antes de la ERD

El CC o el WR CCO comenzará a enviar direcciones domiciliarias de liberación apropiadas, provistas por los recursos personales del individuo, para una Investigación por parte del departamento.

El CC o el WR CCO seguirá trabajando con el individuo a ser liberado hasta que un plan sea aprobado.

Los planes de liberación presentados para investigación que requieran un pago y no identifiquen una fuente de financiación disponible serán denegados.
